

Living longer, better

Save the date! European associations representing cardio-vascular, cancer, respiratory diseases and diabetes invite you to a conference on the EU reflection process on chronic diseases, on 11 May 2012.

"The stakeholders consultation on chronic diseases" run by the European Commission raises questions and seeks recommendations from people and organisations concerned by the issue.

The European COPD Coalition (ECC) team up with leading chronic disease organisations to offer a forum of discussion on chronic diseases and further nurture the reflection process set by the Council conclusions of 7 December 2010 on "Innovative approaches for chronic diseases in public health and healthcare systems".

Objective of the Conference:

This will be a unique opportunity to:

- Present positions and recommendations on how to best prevent, treat and enhance research on Chronic Diseases at European level,
- Engage in the debate and share ideas with like-minded organisations, peers, EU policy makers and the media, and
- Make policy proposals to support a comprehensive approach of Chronic Diseases.

When:

Friday 11 May (following the EU Health Policy Forum), from 10.00 to 16.00 including a lunch break (sandwich lunch is provided)

Where:

Mundo B, Rue d'Edimbourg 26, 1050 Bruxelles

Entry fee: none

Expected audience: all working on health/chronic diseases related issues, professionals from the areas of environment, city planning, housing, gender and ageing dossiers, food and agriculture, social determinants, physical activity and all concerned by "health in all policies".

Registration

Contact: event@copdcoalition.eu, tel: 02/741.24.75 – Full event programme coming soon.

This conference is organised by the European COPD Coalition, in partnership with EHN, ECCO, ERS and IDF Europe.
