Introduction

Our renowned biennial series of multidisciplinary European Cancer Congresses are recognised as the premier cancer meetings in Europe. In Amsterdam in 2013, 18,452 participants from all disciplines gathered together for a cutting-edge scientific programme which saw an increase of 38% in submitted abstracts compared to our Stockholm meeting.

The 18th ECCO – 40th ESMO European Cancer Congress, Vienna, 25 – 29 September 2015, again combines the united efforts of all partner organisations to drive forward a multidisciplinary approach in an increasingly complex landscape with the ultimate aim of providing to each cancer patient the very best care and quality of life.

We invite you to be a part of this effort by showcasing your latest scientific data through this uniquely powerful platform of European and global oncology science and clinical practice.

This Invitation to Industry (ITI) offers you a wide range of opportunities to achieve the highest level of exposure to a multidisciplinary audience from Europe and around the world while benefitting from additional accrued points towards your priority ranking as a valued partner.

A vast majority of Congress participants spends time in the Exhibition Hall with an overwhelming number expressly seeking product and technology updates.

This ITI edition is focused on providing you opportunities of proven effectiveness like Satellite Symposia and Exhibitor Spotlight Sessions as well as aiming for healthy lifestyle and sustainability items such as water bottles with refill stations and the very useful public transportation passes.

We look forward to working with you to assist you in identifying and securing the opportunities best suited to your participation in ECC2015! We cordially invite you to this unique event and we look forward to greeting you in Vienna!

Satellite Symposia

A satellite symposium at the European Cancer Congress is the ideal platform for presenting your topic to a large yet targeted audience. It allows you to reach the precise section of Congress participants that are most interested in the latest developments in your area. A total of 54 Satellite Symposia slots are available at the 18th ECCO – 40th ESMO European Cancer Congress compared to 38 slots in Amsterdam to ensure we accommodate your increased needs even more. We have introduced new lunch time slots to increase your opportunities to engage with Congress delegates. When signing up for satellite symposia slots, we require companies to book a minimum of 27 square metres (sqm) exhibition space.

These sessions are organised by sponsoring companies within the Congress Centre in fully furnished and AV equipped lecture rooms ranging in size from 190 to 1435 seats. This allows you to select a room well suited to your needs whether you are focusing on a highly specialised topic or a subject of broader appeal.

Your satellite symposium programme needs to be submitted for approval by 15 May 2015.

Please note that a speaker is only permitted to speak in one satellite symposium during the entire Congress.

Unrestricted Education Grants for Patient Advocates

While patient advocates play a vital role in the Congress, many do not have the means to participate. Since their voice is essential in furthering the Congress agenda of improving patient outcomes, we would like to bring together as many as possible from wide-ranging backgrounds.

Your support will help cover the cost of their travel and accommodation for two days. Your funding of such a grant will be gratefully acknowledged on the Congress website and in the Congress venue.

Priority Ranking

The European Cancer Congress is recognised as “the largest and only truly multidisciplinary Cancer Congress in Europe and beyond.” With a total of 3303 abstracts submitted, and featuring 126 late-breakers, this Congress has become a significant milestone on the world congress agenda in establishing practice-changing standards for the future of oncology. We could not have achieved this without your continued recognition and support of our efforts. That is why companies that participate at the European Cancer Congress in Vienna will be awarded priority points according to their level of involvement at the three previous ECCO Congresses.

The priority ranking will be calculated for all companies based on their level of participation in these ECCO Congresses:

ECCO 15 – ESMO 34, Berlin, 21 - 24 September 2009
ECCO 17 – ESMO 38 – ESTRO 32, Amsterdam, 27 September – 1 October 2013

Participation includes exhibition space, satellite Symposia, sponsorship items and presentation of new scientific data.

PLEASE NOTE: Partial points are not permitted and figures have been rounded up across the board.

The Accrued Points Ranking List is available here:

Merged or Acquired Companies

The points of merged or acquired companies will be combined, and 75 percent of the combined result will be allocated to the remaining company for the subsequent event.

Please note: The above only occurs if notice has been received in writing by ECCO before May of the year prior to the event for which points are being used.

(*)Subtotal is defined as the sum of the accrued points accumulated from the Exhibition, Business Lounges, Industry Sponsored Sessions, grants, sponsorship and advertising
Procedure

Application

For companies participating in the Priority Ranking, applications for Exhibition, Business Lounges, Industry Sponsored Sessions, grants, sponsorship and advertising must be received by 1 August 2014. All applications received by 1 August will be processed according to the Accrued Points Ranking List. Any application received after this deadline will be dealt with on a first-come, first-served basis.

Priority Point Status

ECCO will review all applications and allocate Exhibition, Business Lounges, Industry Sponsored Sessions, grants, sponsorship and advertising items based on the priority point status. This process will be completed by 30 September 2014. The ranking list defines the order in which requests are processed.

Assignment

When assigning spaces, slots and items to individual companies, every effort will be made to:

■ Offer the first, second or third choice made according to the opportunity requested

■ Offer a real time selection of what is available if the three choices cannot be honoured

To ensure every company has a chance to choose an appropriate opportunity, such offers are available for a limited period only, i.e. 48 hours (two working days). The only exception is in cases where the offer clearly states that the opportunity is freely available.

Please note: It is essential that reliable contact information (i.e. telephone number) is supplied for a staff member with appropriate sign-off authority due to the above time limitation.

ECCO will communicate all assignments made to companies in the Priority Ranking that have applied for promotional opportunities after 1 October 2014. Written confirmation will be supplied, with a first instalment invoice following shortly thereafter.
Payment Deadline

Assignments will be automatically cancelled if the related cost has not been settled within the given time period. In such cases the cancellation fee will be applicable following the official cancellation policy.

Penalty Process

Infringement of any regulations, terms or conditions for the European Cancer Congress 2015 may result in the loss of accrued points. The procedure for policing any violation of the system is as follows:

- If a violation is noted by ECCO staff, the company involved will be given the opportunity to correct the situation according to any and all applicable regulations.
- If the company refuses to comply, ECCO staff will immediately report any alleged violations to the Congress Committee. When considering the evidence available, a representative of the company in question will be invited to present the company’s view to the Committee, after which the Committee will make a binding decision. This will be confirmed in writing after the Congress. Appeals may be made to the ECCO Board of Directors.

Penalties

- First violation: No accrual of points for the year
- Second violation: No accrual of points as well as the loss of all points accrued to date
- Third violation: The loss of right to participate at the next European Cancer Congress

Claims Procedures, Place of Performance and Jurisdiction

All claims by the exhibitor/sponsor against ECCO must be submitted in writing. The maximum time lapse for submission of any complaints is three months from the closure of the Congress. Agreements which deviate from these conditions or from the supplementary regulations must be made in writing; a facsimile signature will suffice. The contract is governed exclusively by Belgian law; English text is authoritative.

ECCO reserves the right to offer additional promotional opportunities to benefit the Congress and its delegates, or, within reason, to amend the point weight calculation per item. These changes may occur at any stage and may pertain to any sponsorship or advertisement item. Should this be the case, all partners will be duly notified by the ECCO office.

Codes and Compliance

Pharmaceutical Product Promotion

All companies and associations exhibiting at ECC 2015 are advised to consult the guidelines and codes of practice applicable to Austria. By signing the relevant application forms to participate at the ECC 2015, each company or organisation agrees to and confirms that it has reviewed the advice and guidelines which determine the applicable codes of practice in Austria and will specifically adhere to the Austrian Medicines Act and hence accepts all liability in all cases of non-compliance with these codes.

The Austrian Medicines Act defines business to business advertising targeted at persons licensed to use or dispense medicinal products. Persons licensed to use or dispense medicinal products are defined as: “Users”. Users are defined as physicians, dentists, veterinarians, dental practitioners, midwives, members of the nursing profession, medical laboratory services and paramedic services, as well as the legal entities of hospitals without in-house hospital pharmacies, and other medical facilities, provided that they require medicinal products in the course of their profession.

The ECC 2015 Secretariat hence hereby confirms that ALL delegates will be allowed access to the Exhibit Halls.

Members of the professional press, patient advocates and policy makers will be provided appropriate badges.

Exhibition General Terms & Conditions

The following conditions of participation refer to allocation of exhibition space by ECCO to companies exhibiting at the European Cancer Congress 2015 insofar as the contractual partners do not reach contrary agreements in writing.

Establishment of Contract

- Application for exhibition space is made by filling in and returning the exhibition application form to ECCO.
- Only completed and signed application forms will be taken into consideration. By signing the application form, the company accepts the conditions contained in the Invitation to Industry and any supplementary provisions.
- Confirmation of the allocation of exhibition space by ECCO in writing constitutes establishment of contract between the company and ECCO.
- An exhibition space assignment and invoice will be sent by email. The date of the assignment is considered to be the date of allocation. If the contents of the assignment deviate from the contents of the company’s application, the contract is based on the assignment issued by ECCO unless the company objects in writing within two weeks after the date the assignment was sent.

Appointed Agencies

- Application for exhibition space must be submitted by the company under whose name each stand is to be listed. Correspondence in this regard must be made exclusively between this company and ECCO.
- Companies should inform ECCO in writing which agency is appointed. Otherwise no request from agencies will be taken into consideration.
- It is not the role of any given agency to make initial enquiries or reservations with ECCO independently of the company.
- The company is responsible for communicating these regulations to its staff and its appointed agencies.
- This named agency cannot fully act as if it were the company itself and the company will continue to be held entirely responsible and accountable for activities organised in its name.
Procedure

■ Application
For companies in the accrued points ranking, applications for exhibition space must be received by 1 August. After this deadline, applications will be dealt with on a first-come, first-served basis.

■ Priority point status
Between 2 August 2014 and September 2014, ECCO will review all applications and allocate exhibition space based on the priority point status. The ranking list will define the order in which requests of companies are processed. When an equal number of points are held by 2 or more companies, exhibition space will be assigned according to the monetary value of the requested space.

■ Assignment
At each company’s turn for assignment, every effort will be made to:
■ Offer the first, second or third choice made on the item application subject to availability.
■ Offer a real time selection of what is available if the 3 choices on the item application cannot be honoured.
To ensure each company has a chance to choose a suitable opportunity, offers are valid for 48 hours (2 working days) unless the offer makes it clear that the opportunity is freely available. For this reason, please supply a reliable contact telephone number for an appropriate decision maker within the company.

Payment deadlines
Assignments will be cancelled automatically if the related cost has not been paid within the given time period. In such cases the cancellation fee will be applicable following the cancellation policy.

Congress and exhibition layout
ECCO reserves the right to deviate from the stand confirmation and to allocate a stand in a different location, to alter the size of the stand, to re-locate or to close entrances and exits on the exhibition grounds and/or in the congress centre and to carry out any other structural alterations providing it has a substantial interest in such measures.

Stand moves
ECCO reserves the right to make changes in the layout of the exhibition, as well as in the stand assignment in the event that unforeseen circumstances make this necessary. Alterations to the agreement will only be made after mutual consultation. If in such cases the interests of the exhibitor are unreasonably impaired, he may withdraw from the contract with ECCO in writing within week after receipt of notification of the type of alteration. ECCO accepts no responsibility for any damage which may result from such changes.
Subtenants and other represented companies

Sharing the allocated stand area with another company, regardless of whether this company is representing by its own staff (subtenant) or only by its own exhibits (represented company), is not allowed. This applies equally to companies with products or services aligned to a registered exhibitor. If a registered exhibitor wishes to exhibit in association with another organisation, ECCO will endeavour to offer additional exhibit space, where available, under normal conditions of sale. If an exhibiting organisation has multiple corporate identities but shared ownership, the organisational relationship must be made clear to delegates. Transfer – even in part – of the rights and obligations arising from the rental contract to third parties is not permitted.

Rates

All rates cover floor space only and do not include the construction of a modular booth or other extras, unless explicitly stipulated. The minimum exhibition space is 9 square metres and must be minimum 3 m deep.
For some locations, companies renting separate spaces are allowed to visually link these up by carpeting the aisles in between, provided an additional rental rate of 30% of the standard rate is paid for the total surface of the aisle. No constructions of any kind are allowed in the aisles. Companies renting aisle space are allowed to brand the aisle carpet with the company logo.
The combined maximum exhibition is limited to 500 sqm.

Terms of Payment

A first deposit of 50% of the total rate will be sent within 2 weeks following the confirmation. Payment is due within 30 days following the date of the invoice. The balance (50%) is due not later than 15 June 2015. Corresponding invoices will be sent out by ECCO in due time before the deadline for receipt of payment.
If charges are not paid within the prescribed time, the item will be released and any loss incurred by the organiser by such non-payment shall be made good by the defaulting company.

Value Added Tax

With the introduction of the European VAT law (Directive 2008/8/EC: article 3 concerning the amendment of articles 53 and 54 of Directive 2006/112/EC), which became effective 1 January 2011, services and ancillary services relating to cultural, artistic, sporting, scientific, educational, entertainment or similar activities, such as fairs and exhibitions, including the supply of services of the organisers of such activities, are no longer subject to VAT in the country where the event is taking place when supplied to taxable persons, but are subject to VAT where the customer has established his business (Reverse Charge).
However, according to the new article 53 of Directive 2006/112/EC, the supply of registrations is still subject to VAT in the country where the event is taking place, even when supplied to taxable persons.
Cancellation Policy

The company cancelling its exhibition space after the official application has been accepted will be liable to pay the following fees:

■ If the exhibition space cannot be reallocated to another company:
  ■ 25 % of the total rate, if the cancellation request is received in writing by 31 December 2014
  ■ 50 % of the total rate, if the cancellation request is received in writing by 31 March 2015
  ■ 100 % of the total rate, if the cancellation request is received in writing after 31 March 2015

■ If the space can be reallocated to another company, the company will receive a full refund of deposits paid, less administrative fees of 10 % of the total rental rate, with a minimum of 250 EUR.

Administration fees/invoicing changes

Invoices will be addressed according to the invoicing data provided by the company. Please note, if a billing change is requested (i.e. company name change or address change), an administration fee of 100 EUR (excl. VAT) will be charged to the company.

Indebtedness

Payments not received by the first day of the Congress (Friday 25 September 2015) will be subject to a 10 % penalty fee.

Refunds

Any refunds of deposits paid will be made after the Congress but not later than 31 December 2015. The exhibitor will not be entitled to any interest that the organiser may have derived from deposits made by the exhibitor. All bank charges, including sender’s and receiver’s charges, resulting from a refund related to cancellation or reduction of exhibition space will be at the charge of the exhibitor.

Postponement or Abandonment

The organiser reserves the right to postpone the Congress including the technical exhibition, or to transfer it to another site, if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the exhibition, the organiser will not be held liable for expenses incurred other than the cost of rental of exhibition space.

Unexpected cancellation of the event: ECCO reserves the right to cancel without notice or compensation the European Cancer Congress 2015 in the event of force majeure cases (strikes, fires, terrorist attacks, damages or other fatal occurrences). In such cases, ECCO is freed of all responsibility.

Limitation of Liability of the European Cancer Congress

In the event of it being impossible for ECCO to carry out the European Cancer Congress for force majeure cases (strikes, fires, terrorist attacks, damages or other fatal occurrences), so long as this arises from a cause not attributable to ECCO, ECCO shall only be obliged to reimburse the payments received subject to deduction of any costs it has incurred in preparing the event.
Limitation of Liability of the European Cancer Congress

In the event of it being impossible for ECCO to carry out the European Cancer Congress for force majeure cases (strikes, fires, terrorist attacks, damages or other fatal occurrences), so long as this arises from a cause not attributable to ECCO, ECCO shall only be obliged to reimburse the payments received subject to deduction of any costs it has incurred in preparing the event.

Bankruptcy or Liquidation

In case the exhibitor becomes bankrupt or enters into liquidation other than for the purpose of restructuring or merger, or has a receiver appointed, the organiser shall be at liberty to terminate immediately the contract with the exhibitor, to cancel the allocation of exhibition space to the exhibitor and to forfeit all sums paid by the exhibitor.

Security and Insurance

Neither the organiser nor its contractors shall be responsible for the safety of any exhibit or other property of the Satellite Symposium organiser or any person. Neither the organiser nor its contractors shall be responsible for the loss, damage or destruction by any cause of the exhibits or other property, or for loss, damage or injury sustained by any exhibits or any other persons. The exhibitor shall indemnify the organiser and its contractors to third persons, as a result of any act or omission of the exhibiting company, its staff, agent or personnel hired on a temporary basis.

As the organiser and its contractors will accept no responsibility for any of the foregoing matters, the exhibitor should affect his/her own insurance against any risk of loss due to theft or negligence, damage, injury or liability. The exhibitor agrees not to pursue the organiser for any previously listed risks.

Enforcement of Rules

Applies equally to all. All exhibitors must comply with all rules and policies established by the European Cancer Congress 2015.

Violation Procedure

The procedure for policing and enforcing the violation is as follows: When noticing a violation, ECCO staff will ask the company to correct the situation according to the applicable regulations.

If the company refuses to comply, ECCO staff will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant company will be invited to present the company’s view, after which the Committee will give its opinion. This will be confirmed in writing after the Congress. Appeals may be made to the ECCO Board of Directors.

Penalties

- First violation: No accrual of points for the year
- Second violation: No accrual of points plus the loss of all accrued points to date
- Third violation: No right to participate at the next European Cancer Congress
Claims Procedures, Place of Performance and Jurisdiction

All claims by an exhibitor against ECC must be in writing. The maximum time lapse is 3 months from the closure of the Congress. Agreements which deviate from these conditions or from the supplementary regulations must be in writing; facsimile signature suffices. The contract is governed exclusively by Belgian law; the English text is authoritative.

Final Clause

In cases not covered by the regulations in this Invitation to Industry, ECCO interpretation shall be final.

Limitation of Liability of the European Cancer Congress

In the event of it being impossible for ECCO to carry out the European Cancer Congress for force majeure cases (strikes, fires, terrorist attacks, damages or other fatal occurrences), so long as this arises from a cause not attributable to ECCO, ECCO shall only be obliged to reimburse the payments received subject to deduction of any costs it has incurred in preparing the event.

Bankruptcy or Liquidation

In case the company becomes bankrupt or enters into liquidation other than for the purpose of restructuring or merger, or has a receiver appointed, the organiser shall be at liberty to terminate immediately the contract with the company, to cancel the allocation of the Business Lounge to the company and to forfeit all sums paid by the company.

Security and Insurance

Neither the organiser nor its contractors shall be responsible for the safety of any exhibit or other property of the company booking a Business Lounge or any person. Neither the organiser nor its contractors shall be responsible for the loss, damage or destruction by any cause of the exhibits or other property, or for loss, damage or injury sustained by any exhibits or any other persons. The company shall indemnify the organiser and its contractors to third persons, as a result of any act or omission of the company, its staff, agent or personnel hired on a temporary basis. As the organiser and its contractors will accept no responsibility for any of the foregoing matters, the company should effect his/her own insurance against any risk of loss due to theft or negligence, damage, injury or liability. The company agrees not to pursue the organiser for any previously listed risks.

Enforcement of Rules

Applies equally to all. All companies must comply with all rules and policies established by the European Cancer Congress 2015.
Violation Procedure

The procedure for policing and enforcing the violation is as follows: When noticing a violation, ECCO staff will ask the company to correct the situation according to the applicable regulations. If the company refuses to comply, ECCO staff will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant company will be invited to present the company's view, after which the Committee will give its opinion. This will be confirmed in writing after the Congress. Appeals may be made to the ECCO Board of Directors.

Penalties

- First violation: No accrual of points for the year
- Second violation: No accrual of points plus the loss of all accrued points to date
- Third violation: No right to participate at the next European Cancer Congress

Claims Procedures, Place of Performance and Jurisdiction

All claims by a company against ECC must be in writing. The maximum time lapse is 3 months from the closure of the Congress. Agreements which deviate from these conditions or from the supplementary regulations must be in writing; facsimile signature suffices. The contract is governed exclusively by Belgian law; the English text is authoritative.

This will be confirmed in writing after the Congress. Appeals may be made to the ECCO Board of Directors.
